

First State China A Shares Fund

-The Fund invests primarily in equity securities or equity-related securities of the companies with either assets in, or revenues derived from China that are listed, traded or dealt in on Chinese Stock Exchanges.

-The Fund invests in emerging markets which may have increased risks than developed markets including liquidity risk, currency risk/control, political and economic uncertainties, high degree of volatility, settlement risk and custody risk. Investing in small/mid-capitalisation securities may have lower liquidity and their prices are more volatile to adverse economic developments.

-The Fund's investments will be concentrated in China and may be concentrated in a single sector or small numbers of companies/countries which may have higher volatility or greater loss of capital than more diversified portfolios.

-The Fund may expose to China market risk including repatriation risk, uncertainties to PRC taxation policies and risk associated with StockConnects, QFII/RQFII quota, SME board and/or ChiNext market. The Fund may also expose to RMB currency and conversion risk.

-The Fund may use FDIs for hedging and efficient portfolio management purposes, which may subject the Fund to additional liquidity, valuation, counterparty and over the counter transaction risks.

-It is possible that a part or entire value of your investment could be lost. You should not base your investment decision solely on this document. Please read the offering document including risk factors for details.

Investment objective & strategy

The Fund aims to achieve long term capital appreciation and invests primarily in equity securities or equity-related securities issued by companies with either assets in, or revenues derived from the People's Republic of China that are listed, traded or dealt in on Chinese Stock Exchanges.
